

Church's Strategic Plan 2021-2025

The evangelical Lutheran Church in Tanzania (ELCT) has reviewed its strategic plan of 2015-2025 whereby now the first phase of the plan (2015-2020) has ended and lead to the review so to make it better for the Church.

In his opening remarks during the Workshop the Presiding Bishop Dr. Fredrick Shoo said immediately after the review the strategic plan will be used as map to direct the Church in its strategic activities to reach the targeted Vision.

The ELCT Secretary General Brighton Killewa added that the aim of reviewing the strategic plan is to ensure that the Church continues to provides its spiritual and fleshly services to the people.

One among the facilitators to the strategic plan Dr. Rogate Mshana who is also lead Consultant said it is very important to review that strategic plan of the Church due to the fact that the World by now undergo huge changes in terms of economic, technology, health issues and so many thus the reviewed strategic plan of the Church will put those into consideration to make the Church perform better its activities to reach the intended goal.

Secretary General of ELCT-East of Lake Victoria Happiness Gefi also added that it very important after the review the knowledge on the strategic plan of the Church to be disseminate to the congregants from the top to the bottom level.

The four days' Workshop of the strategic plan of the Church has been attended by members from all 26 ELCT Dioceses in order to enable the full participation of the whole Church in reviewing the strategic plan.
