

To be not vaccinated is to endanger other people's Health.

The ELCT Presiding Bishop and Chairperson of the Christian Council of Tanzania (CCT) Bishop Dr. Fredrick Shoo has emphasized the Christians and Tanzanians on taking covid vaccine as it is not the Sign of AntiChrist as it is thought by some people against the vaccination in Tanzania.

Bishop Dr. shoo said that to take vaccine means to stay safe and stop the spread of the virus to others.

He also added that God gave people knowledge to develop the Vaccine and it is verified by specialists that is safe to be used and it protect the spread of the virus when people will take it.

The ELCT Presiding Bishop and CCT's Chairperson Bishop Dr. shoo was vaccinated in inauguration of the vaccine after being welcomed by the President of Tanzania Hon. Samia S. Hassan at the state House Dar Es Salaam, Tanzania on July 28, 2021.

He also emphasized when he was in ELCT-Iringa Diocese during the word of greetings after being welcomed by the Bishop of that Diocese (Bishop Blastone Gaville) in inauguration of the Lutheran Centre for Revival and Mission built by the Diocese and Danish Lutheran Mission (DLM).
